

Most Married Men To Be In Services At End Of Year

Washington, June 14 (AP)—Many of the more than 2,800,000 men rejected by the armed services for physical disqualifications may be reclaimed as a result of lowered standards, delaying the induction of fathers, testimony before a House committee indicated today.

Selective Service Director Lewis B. Hershey, in testimony last month at hearings on the War Manpower Commission's appropriation bill which were made public by the committee today, said lowered Navy standards might postpone the drafting of fathers three or four months.

Since then, the Navy has dropped its requirements. Although official indications have been that the drop was not sufficient to produce enough "reclaimed" men to postpone the father-draft three or four months, there have been hints it might be held off beyond the date last mentioned officially, August 1.

Washington, June 14 (AP)—The nation's draft-age fathers found little comfort today in disclosure by the House Appropriations committee that the rate of Army inductions would be cut about 60 per cent after next December, with the bulk of 1944 inductees coming from the teenage group.

The committee's information came from Paul V. McNutt, War Manpower Commission chairman, and Maj. Gen. Lewis B. Hershey, Selective Service director, during hearings on the WMC supply bill reported to the House today.

It was to the effect that a majority of physically-fit fathers, regardless of their children, would be in uniform by the end of the year. Induction of this class is expected to start in August and run until the end of the year, when the armed forces will aggregate 10,900,000 men.

By the end of this month, McNutt told the committee, the cream of the nation's manpower will have been pretty well exhausted with the armed forces numbering 9,200,000 men. Between July 1 and December 31, inductions will continue, under present schedules, at the rate of an average of 300,000 monthly.

Married men not in uniform at the turn of the new year, McNutt indicated, stand a fine chance of never getting into one, since inductions for the first six months of 1944 are expected to total 700,000, or an average of 117,000 monthly "to represent necessary replacements for attrition and such increase in the net strength as may be approved."

"Around August, Hershey testified, "is about the time we will have used up the people who are not

Not Required To Salute U.S. Flag; Hi Court

Washington, June 14 (AP)—The Supreme Court overruled today a decision it delivered in 1940 and held that school children can not constitutionally be required to salute the American flag if they have religious scruples against such action.

Justice Jackson delivered the decision, involving a challenge by members of "Jehovah's Witnesses" of a flag-salute requirement by the West Virginia Board of Education.

Justices Roberts and Reed dissented. "We think the action of the local authorities in compelling the flag salute and pledge," Jackson asserted, "transcends constitutional limitations on their power and invades the sphere of intellect and spirit which it is the purpose of the first amendment to our Constitution to reserve from all official control."

In its June 3, 1940, decision, the court sustained the constitutionality of a flag-salute regulation by the Minersville (Pennsylvania) school district. It also was challenged by "Jehovah's Witnesses" who contended that saluting a flag constituted idolatry.

Chief Justice Stone was the lone dissenter at the time. But, since then, Justices Black, Douglas and Murphy, who had participated in the majority decision, expressed the view that the case had been "wrongly decided."

Justice Frankfurter who wrote the 1940 majority opinion, announced no dissent from today's action. Both Justices Rutledge and Jackson, who were not members of the court in 1940, joined in the majority opinion.

"SPREES" BRING SENTENCE FOR MAN IN COURT

James Mauss, Gardners R. 2, whose sentence was postponed May 1 on a charge of drunken driving because he said he was unable to obtain anyone to work his farm, was sentenced to 30 days in county jail, ordered to pay the costs and fined \$100 this morning after the court told him it had learned he "was not doing much farming but allowed a son and son-in-law to work the farm while he went on sprees." A remission of \$50 on the fine will be granted if it is paid before the sentence is completed.

Articles of incorporation were granted the Hampton fire company following presentation of proofs accepted by the state.

Elmer Plank, charged with desertion by his wife before Justice of the Peace John H. Basehore, was granted a hearing. The case was continued generally and Plank was ordered to pay the costs after both he and Mrs. Plank appeared to say they had settled their differences.

Fred H. Shull, York R. 5, who was scheduled to appear in May on an improper pass charge was fined \$10 and costs after a hearing. His bond was forfeited in May.

Divorce Case Opened

A petition was received for the parole of Harold Patterson, Gettysburg, who was sentenced August 31 on a charge of operating a car without the owner's consent. That sentence was suspended until January 30 when he was re-arrested on charges of driving a car without the owner's consent and turning out lights to avoid identification and arrest. He was sentenced then to nine months sentences to run concurrently. Edgar Shepard, Biglerville R. 2, \$158 in arrears on support payments, was given a 15-day sentence for contempt of court.

A libel in divorce was filed by William L. Rockwell against his wife, Betty Lee (Nogle) Rockwell, charging infidelity.

The prothonotary was ordered to instruct the sheriff and jury commissioners to draw 48 petit jurors for August court starting August 23. Four petitions by the sheriff to pay the proceeds of sheriff's sales into court because the amount did not cover the debts were filed.

Arnold Opinion

The amounts received in each account were, Abbottstown Deer club, \$90; John Copper company, \$140; John Shultz estate, \$245 and S. L. Bishop, \$890.

An opinion of court was handed down in the equity proceedings of M. Luella Arnold, Biglerville, in which she is attempting to secure an accounting by her husband R. E. Arnold, Biglerville, of an alleged \$30,000 in joint bank accounts which she claims her husband withdrew without her knowledge, after their separation July 15, 1941.

The opinion was based on Arnold's answer raising preliminary objections to the bill filed by his wife. Arnold had raised the questions of whether Mrs. Arnold can maintain an action against her husband, whether the facts in the case entitle

Massed Flags Of 32 United Nations Mark U.S. Flag Day

(By The Associated Press)

Banners of all the United Nations were massed with the Stars and Stripes today in the first joint celebration of the heretofore strictly American observance of Flag Day.

President Roosevelt in his official proclamation setting June 14 aside for united tribute to the emblems of the 32 nations representing the "massed, angered forces of common humanity," called upon the United States to display the Allied flags side by side with their own.

Bars For Four Freedoms

"We know that our flag is not fighting alone," the President said. "The flags of 32 United Nations are marching together, borne forward by the bravery of free men. Together, they are the emblem of a gathering offensive that shall liberate the world."

In Washington, as elsewhere, the new "flag of the four freedoms" was flown publicly for the first time to represent all the United Nations.

Chosen by popular poll, the flag consists of a white field emblazoned with four upright bars of red, representing the principles of the Atlantic charter; freedom of speech, and religion, and freedom from want and fear.

Legion, Masons Are Sponsors

The poll was conducted among representatives of the United Nations last October and the final design was agreed upon in March.

A creation of the year-old, unofficial United Nations club, the flag is intended to be flown among the

SOLDIERS HELP BOLSTER 'FIELD TRAVEL RECORDS

Gettysburg battlefield visitation during the first five months of this year dropped to 24,239 from a total of 60,377 reported in the corresponding period last year with military visitors making up an estimated 60 per cent of the parties touring the battlefield, a Gettysburg National Park announcement disclosed today.

In the five-month period this year 17 guides made a total of 150 trips with touring cars and two with buses while in the same period of 1942, 47 guides were operating and took 611 parties and 43 buses over the battlefield avenues, the report shows.

The heaviest travel so far this year was during the month of May when an estimated 6,847 visitors—60 per cent of them military—toured the field. In May last year the visitation was placed at 18,414 with that month's total being only partly affected by gasoline rationing which went into force about May 15.

January Record

The park office said that the comparatively large number of military visitors to the park tour the field chiefly in private cars while on military leave or in transit from one post to another. Few large groups of soldiers have toured the field in a body this year, it was stated.

2 NEW CITIZENS HEAR LT. SWOPE IN COURT TODAY

Lieut. Donald M. Swope, member of the county bar now in service at Camp Walters, Texas, addressed two new citizens, Eli Lock, York street, and Mrs. Cornelia Knorr, Gettysburg R. 2, on "What It Means To Be a Citizen," during naturalization proceedings in the county court this morning.

"The best things in life are not free—but must be maintained by sacrifice and sometimes the loss of one's own life," Lieutenant Swope declared. "Among the men with whom I have served are many who were citizens of other countries—some citizens of the countries with which we are now at war. But because they believe in America and in freedom they are imbued with the desire to give all if necessary for their new country."

Mr. Lock, a native of Lithuania and Mrs. Knorr, wife of John Knorr, Gettysburg R. 2, a native of Holland, were sworn in as citizens of the United States following final hearings today.

Flags were presented to the two new citizens by Mrs. Rasmus S. Sahy, regent of the Gettysburg chapter of the Daughters of the American Revolution.

At the same time the court appointed a committee comprising John P. Butt, Esq., a veteran of the first World War, and J. Donald Swope, Esq. and Eugene V. Bullett, Esq., both of whom have sons in the service, to arrange for a suitable tribute to the members of the bar in the armed forces to be held in the court room.

Five In Service

One-third of the members of the Adams county bar are now serving in the U. S. Army, the court said.

Among the lawyers from here who have been called are Lieut. Swope, Daniel E. Teeter, Edgar K. Markley, Edward B. Bullett and Charles W. Wolf. John B. Keith, a law student registered in Adams county, would have been admitted to the local bar this summer, but was called before presentation to the bar. He has been admitted to the State Supreme court since induction.

The committee expected to meet promptly to complete arrangements it was stated this afternoon. The tribute will probably be held at a special session of court similar to the session at which flags were presented to the court sometime ago.

Maximum Food Price Chart On Page Six

The Gettysburg Times, today, publishes on page six, the maximum price of the first half of more than 450 food items that retailers may charge—buyers—in Adams county. The large table, comprising almost six columns of space, includes the brand, variety, the kind of container (tin, glass jar or package), the size of the container and the maximum price stores in the four classes may charge. The remainder of the list will be published Tuesday or Wednesday.

Housewives and retailers are asked to clip out the charts and use them as guides, the office of OPA announcing that this is the only method of publicizing the maximum price list.

The Gettysburg Times devotes this amount of space as a public service to all of its subscribers.

The program is part of the Department of Revenue's wartime motor vehicle conservation program. Similar demonstrations will be conducted in 34 Pennsylvania towns and cities.

250,000 Pounds Of Bombs Blast Two Big Airfields

Allied Headquarters in North Africa, June 14 (AP)—U. S. heavy bombers of the Middle East air command smashed again yesterday at eastern Sicily airdromes at Catania and Gerbini, carrying the Mediterranean offensive to the island gateway to Italy, while fliers of the Northwest African air forces confined their operations to patrols, Allied communiques announced today.

Approximately 250,000 pounds of explosives were dropped upon the Gerbini and Catania fields by large formations of Liberators of the Ninth U. S. air force, it was announced.

Malta-based Spitfires again escorted the four-engined bombers on the last leg of the approach from the Middle East, during the attacks and on the first part of the return trip. Both the targets lie about 125 miles north of Malta.

Take 3 Islands

About 25 Axis aircraft were reported in a U. S. bulletin to have been observed in revetments and dispersal areas at Gerbini, "which, with the runways, were blanketed by bursts."

Three other island stepping-stones for invasion already were in the hands of Allied forces—Pantelleria, Lampedusa and Linosa—and Sicily, at the toe of the Italian boot, appeared a logical target in the next phase of the offensive.

A Cairo Middle East air command communique said that at least eight planes were destroyed in the raid on Gerbini, three which ran into bomb bursts as they attempted to take off and five Messerschmitt-109s shot out of the air in an ensuing battle.

NORMAN D. HOKE, CAR EXECUTIVE, DIES SUDDENLY

Norman D. Hoke, 58, Detroit, Michigan, died suddenly Saturday afternoon at his summer home at Portage Lake, Michigan, from a heart attack. He had been in his usual health but became ill while mowing the lawn and died a few minutes later after entering his home.

The deceased, who was traffic director for the Chrysler corporation, was born in Adams county, a son of Mrs. Sarah (Bowers) Hoke, West High street, and the late John Clayton Hoke.

He received his education in Gettysburg and attended Gettysburg college. Later he took up a business course at a bank's school in Philadelphia. Prior to his last position he was traffic manager of the New York Central railroad.

Services Wednesday

He was a member of the Masonic lodge of Chicago; Detroit Athletic club; Detroit Traffic club; Civic club, Motor club and the Open Hills Country club, all of Detroit.

Surviving are his widow, the former Miss Lillian Rowan, of Philadelphia; his mother, and two sisters, Mrs. William H. Burd, Johnstown, and Mrs. F. H. Fowler, Gettysburg.

Funeral services from the Bender home Wednesday at 10:30 p. m. o'clock conducted by the Rev. Howard Schley Fox. Interment in Evergreen cemetery.

Friends may call at the funeral home Tuesday evening after 7 o'clock.

Property Transfers

Mr. and Mrs. Benjamin Hubert Soliday, Hagerstown, sold to William S. and Mary J. Culbertson, Washington township, Franklin county, an 186-acre lot in Liberty township. The deed excludes rights to minerals in the soil which are held by the Eagle Metallic Copper company of Pennsylvania.

Mr. and Mrs. James Quilla Wray, Jr., Towson, Maryland, sold to Mr. and Mrs. F. B. Deardorff, Gettysburg, a two-acre property in Hamilton township.

Craig S. Rogers, Gettysburg, sold to Melvin L. and Barbara Rosella Ditzler, also of Gettysburg, a lot in Biglerville.

Leave Large Fires

(The Italian communique said that formations of four-engined bombers also attacked Messina, with two planes brought down by anti-aircraft fire. It asserted also that three planes were shot down over Sicily and two over Pantelleria in air duels.)

Yesterday's daylight attack on Catania followed a Saturday night assault by RAF heavy bombers which left large fires that could be seen for miles.

Catania has been heavily punished before by Allied bombers in the campaign to obliterate Axis air force nests.

Today's Allied headquarters communique, one of the shortest of the campaign, said that "the Northwest African air forces confined their activities to patrolling and reconnaissance" yesterday.

Is Sicily Next?

The African-based pilots, "fresh from their victories that reduced Pantelleria and Lampedusa after some of the most terrific air bombing the Mediterranean ever has witnessed, generally rested in their bases while headquarters and operations shaped their plans for the assaults to come, with Sicily generally considered the prime objective."

The third island to fall, Linosa, was spared aerial attacks on naval bombardment by a swift, bloodless yielding.

Name Ship For Union Vet In Battle Here

South Portland, Me., June 14 (AP)—Another 19,500-ton Liberty ship was added to the nation's merchant fleet today with the launching of the Joshua L. Chamberlain at the New England Shipbuilding Corporation yards.

General Joshua Lawrence Chamberlain, for whom the vessel was named, was a native of Brewer who won the Congressional Medal of Honor for bravery in action while commanding the extreme left wing of the Union army at the Battle of Gettysburg. He participated in more than 20 Civil War engagements.

RUBBER STAMP SESSION OF JAP DIET EXPECTED

(While DeWitt MacKenzie is on vacation, this daily column is being written by Max Hill, former chief of The Associated Press bureau in Tokyo.)

By MAX HILL

Another brief but important session of Japan's Diet is scheduled for this week, and we should weigh carefully all that the Tokyo radio sees fit to broadcast about the proceedings.

Naturally, the announcements will be larded generously with propaganda specially concocted for consumption by the United Nations, but most likely we can find at least a clue to the true reason for this emergency three-day session.

It is logical to assume that Premier Hideki Tojo and his henchmen already have mapped a plan of action, and it is now up to the Diet to voice enthusiastic approval, whether willing or not. Such rubber-stamp actions are the rule and not the exception for Japan's so-called legislative body. A Japanese once pointed out to me the great stone building in which the Diet meets as the "tomestone of a democracy." He was right, 100 per cent.

May be Germ of Truth
Tokyo's broadcasts already have used all of the old, familiar phrases about Japan's immutable purpose, a perfected "structure for total national mobilization," and "reorganization of enterprise."

But all of this can be cut away by qualified students—and we have several—leaving at least the germ of truth. For an example, it is not necessary to go back into history farther than November, 1941, when a special session was held just before Pearl Harbor.

Then American newspapermen and our diplomatic corps were there to report on what happened. The Japanese had a neat scheme to see that the session was "probably" presented in the world's newspapers. They made Foreign Minister Tojo's speech available several days ahead of delivery. It was packed with talk of peace.

Premier Tojo's address—not available until delivery—was in an entirely different tone, and in a voice shrill with hatred he gave what he said was Japan's program—successful conclusion of the China incident and establishment of the co-prosperity sphere. He said bluntly, too, that the Anglo-American blockade was an undeclared form of war.

Japan Black Market
An over-confident and carefree America—and Britain—concluded he was just talking wildly through his army hat, and didn't heed this plain warning Japan might strike.

Japan now must be facing a serious food situation; otherwise she wouldn't be talking about the necessity for increased production as a reason for this special session. Her exhausted volcanic soil and a critical lack of fertilizers undoubtedly are two of the key reasons. The soil is so acid it must have neutralizing fertilizers, and they just aren't available.

For the most part Japan's home front is strong, but there are several fundamental weaknesses, such as the ability to produce food and the black market, which is so widespread that it has become a cancer eating away much of the virility of her war effort.

We are getting a taste ourselves of what the black market and inflation can do to hamper an all-out effort to win the war. It is bad enough here, but it is far worse in Japan.

OLDSTERS AID IN WAR EFFORT

Washington, June 14 (AP)—America learned today it has a hitherto unannounced "army" of more than 40 divisions helping to win the war—600,000 elderly persons who have declined federal pensions and refuse to be idle in wartime.

Paul V. McNutt, federal security administrator, told the House Appropriations committee:

"Some 600,000 aged workers who could qualify for retirement benefits have failed to file their claims, presumably because they are still at work, and I want them to stay at work, because we need them."

Moreover, he said, about 60,000 have left retirement rolls, returning to their old employment or finding new jobs.

RHINELAND IS PASTED AGAIN BY RAF FLIERS

London, June 14 (AP)—The RAF bombed objectives in the Rhineland and in other parts of Germany last night and laid mines in enemy waters, extending the virtually non-stop offensive, the Air Ministry announced today.

The specific targets were not named, nor was there any indication of the size of the raiding groups.

One British plane was lost, the Air Ministry said. Formations of the big, black-bellied bombers were heard passing over the channel coast last night, taking up the offensive where the United States bombers had left off after Sunday daylight attacks on the German submarine plants and nests at Bremen and Kiel.

2 Enemies Downed
German night raiders meanwhile, struck back in reprisals which caused an early morning alert in London and some damage in a northeast coast town, which was showered with incendiaries. At least two of the enemy planes were brought down.

The double-barrelled attack yesterday by the Eighth U. S. Air Force wrought new destruction on the German naval building centers and the unescorted bombers shot down a great number of German fighter planes out of the strongest enemy interception force they have ever encountered.

The raids were made at the cost of 26 Fortresses, chiefly around Kiel, but Brig. Gen. Frederick L. Anderson, who commanded one wing of the operations, said the "price was not too high for the results achieved."

It was the heaviest toll ever suffered in a single U. S. Air Force raid in this theatre. The previous high was 16 lost during the last previous attack on Bremen April 17.

The British lost 24 bombers Saturday night in a raid on Bochum and other targets in the industrial Ruhr valley, which the Germans conceded caused heavy damage. During the peak of the Bochum attack, five 4,000 pound bombs a minute were poured into chemical plants and armament works, and thousands of incendiary bombs were rained into the ruins.

Bus service between Washington and Pittsburgh, through Gettysburg, was resumed this morning at 3:10 o'clock after a 24-hour lay-over caused by a strike of Greyhound bus drivers at Washington.

No passengers were held up at the Gettysburg bus terminal, officials here said today, due to ability to transfer incoming passengers at other stations along the route here to buses or trains running through other sections to Washington or Pittsburgh.

An Associated Press dispatch from Washington quotes company officials as saying "more than 1,800 passengers were forced to stay over at Washington because of the strike." The strike caused interruption of service between Washington, Baltimore, Scranton and connecting points.

Once Proud New York Giants Now Scraping Bottom In National League

LOSE 11 OF LAST 13 TILTS; PAIR WON BY HUBBELL

By JUDSON BAILEY
(Associated Press Sports Writer)

The New York Giants, once the proudest team in baseball, are brushing close to the bottom of the National league and rapidly becoming an object of scorn both for the fans and for rival clubs.

In two doubleheaders over the week-end the groggy Giants lost three out of four games to the hustling Philadelphia Phillies and dropped within half a game of last place.

Except for Carl Hubbell they would be there now, too, for the Giants have dropped 11 of their last 13 decisions and Hubbell has accounted for the only two victories they have scored since May 30.

Hubbell yesterday held the Phillies to seven hits as New York won the first game of a doubleheader 6-2 before 14,593 paying customers, second smallest crowd of the day in the major leagues.

The Giants gave him plenty of help with 16 hits, three of them homers, but they quieted down in the nightcap which the Phillies won 6-3 with a four-run rally in the ninth. This outbreak was climaxed by Babe Dahlgren's double with the bases loaded.

Dodgers Split
Before getting his two-bagger, Dahlgren was hit by a pitch. The Giants argued he had stepped into the ball and should be out for leaving the batter's box, but Umpire Beans Reardon ruled he should bat again. This led to the game-winning double and caused Manager Mel Ott to say later he would protest the game.

The Brooklyn Dodgers halved a doubleheader with the Boston Braves, but gained half a game on the first place St. Louis Cardinals when darkness kept the world champions from deciding their second game against Pittsburgh after the Pirates had won the first.

Nate Andrews beat the Dodgers 4-3 in the opener at Ebbets field and Billy Herman decided the nightcap in Brooklyn's favor 3-2 with a two-run homer, his first of the year, in the eighth inning.

Yanks Break Streak
At St. Louis the Pirates scored seven runs in the first inning of their first game, in which they made 16 hits to win 10-3, but the second session went 12 innings to a 4-4 tie before darkness fell.

In the other National league affair Cincinnati split with Chicago. The Reds made 20 hits in the first game, rolling up a total of 48 safeties in their first three games against the Cubs, and winning 10-6. But Bill Lee stopped them on seven hits in the afterpiece which the Cubs won 4-1.

The New York Yankees' five-game winning streak was snapped at Philadelphia as the Athletics swept a doubleheader 5-3 and 3-2. A squeeze bunt by Jojo White brought in the deciding run in the first game and Jim Tyack, who had singled to tie the score in the opener, batted in all three of the A's runs in the nightcap with a triple and a single.

Indians Win One
This helped Washington shave a game off the Yankees' lead as the Senators split a pair at Boston. They took the first 16-5 with an 18-hit offensive, but were shut out 7-0 by the four-hit hurling of Tex Hughson in the second session.

Detroit took charge of third place by beating the Chicago White Sox twice, 6-4 and 3-2.

Tommy Bridges, allowing only nine hits and fanning nine, was responsible for the first victory and Rudy York played a major role in the second, driving in two runs with a pair of doubles.

The Cleveland Indians saved themselves from a complete rout by the St. Louis Browns by winning the second game of their doubleheader after they had lost the first four contests of a five-game series. The Browns took yesterday's opener 3-1 with the Indians capturing the second 2-1 in 10 innings.

BETTINA-BROOKS FIGHT TONIGHT

Philadelphia, June 14 (AP)—Melo Bettina, the military policeman, returns to the ring tonight after a year's absence determined to make a plain cop of Lou Brooks.

Brooks, Wilmington, Delaware, negro who is slated to go 10 rounds or less with the former lightweight champion, declared several days ago "if I lose badly, I'll know I don't belong in fast company and will do what I've always wanted—join the police force."

And, says Jimmy "Svengali" Grippo, Bettina's manager, Melo is ready, willing and able to help Lou get the job he's always wanted.

Furthermore Grippo, self-proclaimed "only consulting phychologist in the fight industry," says he will help his southpaw scrapper by using his "hypnotic influence" upon Brooks.

First Haegg-Rice Race May Be Sunday

New York, June 14 (AP)—Gunder Haegg's decision to try for the 5,000 meter title Sunday in the National AAU track championships virtually sets up the first of his awaited duels with Greg Rice.

Rice hasn't formally entered but is expected to do so shortly, despite the long and loud laments concerning his condition.

Haegg, established seven world records in Sweden last summer and now is in training at Hanover, N. H. Rice, has won 65 consecutive races.

ROUNDUP SPORTS

BY HUGH FULLERTON, JR.

New York, June 14 (AP)—Why not some umpires in baseball's Hall of Fame, too? . . . Writing the other day about the players whose busts were enshrined at Cooperstown and the ones who were merely busts, the thought across that probably no other group has contributed more to the game than the ump's . . . And certainly the place isn't complete without at least a picture of Bill Klem drawing the line . . . And a lot of ump's have had their share of fame—"King" Gaffney, for instance . . . You may never have heard of him, for he worked in the days when a single umpire had to call 'em all and keep two packs of unruly ball players under control, but fans in those days used to turn out just to watch the king . . . And how about Tom Lynch, who became National League president, Jack Sheridan, Joe Cantillon, Tommy Connolly, Tim Hurst, Hank O'Day, Slik O'Loughlin, Cy Rider or Billy Evans?

Georgetown Quits
Because a majority of the eastern schools are in densely populated areas, transportation problems shouldn't create the same havoc as in other districts, but the travel situation is one of the reasons Georgetown won't have a team for the first time in 45 years.

This is the area that houses the United States military, naval and coast guard academies and all three have announced that they will put teams on the field although Coach Earl Blaik of West Point, says that, big beefy teams are out and alert, swift machines averaging 175 pounds a man will be the new order.

Not only will army and navy compete but there already is agitation that their annual collision, hidden in the Middle's tiny stadium last fall as a travel deterrent, be returned to Philadelphia this season.

Others who assert they will field teams include Columbia, Pittsburgh, Carnegie Tech, Cornell, Colgate, Brown, Holy Cross, Penn, Penn State, Connecticut, Trinity, Bowdoin Dartmouth and Maine.

Will Use Sailors
Virtually all are planning to use sailors sent to them for special training, Princeton being fortunate in having its 1943 captain-elect, George Kinniry, housed on its own grounds as a naval student.

Clark Shaughnessy is definite that Pittsburgh "is going to play. Who wins, nobody cares. Our job is making the boys physically fit." He expects 100 or so candidates for the team "and I don't care whether they've ever seen a football before or not."

Both Boston college and Fordham, who customarily open fall practice by studying itineraries to the various bowl games, are on the doubtful list. The Eagles may content themselves with an informal brand of the sport but Fordham has not renewed the contract under which Earl Walsh labored a year ago and the Ram prospects are bleak although Pierce and Benny Babula of the 1942 club probably will be available.

Other on the doubtful list are Manhattan, Washington & Jefferson, Syracuse, Tufts, Boston university and Amherst, Boston college and Boston university have both lost coaches to the services and replacements have not been announced.

A majority of these schools have been taken over in part by the army for specialist courses although Manhattan works under the additional handicap of not having classes for its freshmen until late September.

Among those who have dropped out the duration are Duquesne, a potent force in Eastern circles for almost a decade; Williams, beaten only by Amherst last fall; Lafayette, Wesleyan, Vermont and Massachusetts State.

As in other districts, intersectional struggles have been snipped from Eastern programs although such standouts as Army-Notre Dame and Navy-Notre Dame remain.

Columbia and Penn, however, didn't step out of the Ivy league when Harvard quit and created vacancies in both schedules. They simply agreed to a home and home series, the first game at Philadelphia on October 2 and the second in New York on October 23.

Three Win Twin Bills On Sunday
(By The Associated Press)
It was double feature day in the Eastern league Sunday—and, in three cities, grand slam day for the home team.

Binghamton dropped Hartford twice, 5-4 and 2-1. Elmira took a pair from Springfield, 2-0 and 5-4, and Wilkes-Barre edged Utica 8-7 and 4-3. Albany and Scranton split the other twin bill, the Senators taking the first game 2-1 in 13 innings, and the Red Sox coming back 4-0 in the nightcap with Joe Wood, Jr., hurling three-hit ball.

Saturday Wilkes-Barre won from Utica 6-5, Scranton nipped Albany 5-4, Binghamton blanked Hartford 4-0, and Elmira slid past Springfield 3-2.

EASTERN GRID SITUATION IS MUCH CONFUSED

By HAROLD CLAASSEN

New York, June 14 (AP)—You can't get a clear picture of the 1943 Eastern football situation unless you can work a slide rule numbered with multiple 4F's and various Naval ensignia such as V-12, plus a spare combination of Army and Marine emblems.

Although the first blocking and tackling still is more than three months away the season already has developed more inconsistencies than a Hitler speech.

To mention a few. Harvard has dropped the sport but Yale, a sister member of the Big Three, has arranged a 10-game program and is seeking two more opponents. Rutgers, which helped Princeton introduce the sport to the United States in 1869, is doubtful if it will have a team this season but Tiger officers have just selected a new coach and are determined to go ahead.

DOUBLEHEADER TO ALLENTOWN

(By The Associated Press)

Nine runs in the first inning may be enough to win many a ball game, but not in the Interstate league.

Last place Allentown demonstrated again yesterday that nothing is certain in the Interstate until the game is over by spotting third place York White Roses nine counters in the first half of the first frame of the first game, then winning 13-12. The Wings added injury to insult by taking the second game 5-1.

Allentown made 15 hits and York 17 in the opener, with Shoff's homer with the bases loaded and George Kressley's triple with all hassocks occupied the feature blows.

While the slugfest was being waged in Allentown, Wilmington and Hagerstown continued their long-range struggle for first place, with each team winning both ends of a doubleheader.

Seasons First

The Associated Press

The first tackle of the new baseball season was made by a rookie in his major league debut—Catcher Hugh Poland of the Giants.

It came about as a result of some daffy Dodger base running. On a hit to right, Dixie Walker on second and Dolph Camilli on first started running. When Dixie got half way home he saw he couldn't make it and turned back to third but Camilli was just reaching that bag. So, in the rundown efforts to catch Walker (with Camilli trying to decide whether to stand pat or try to get back to second), Poland fumbled the ball. As he fell trying to grab it, he also lunged at Walker, holding him briefly. The umpired this as interference and allowed Walker to score.

First hit of the campaign went to Jo-Jo White of the A's. Formerly with Detroit, White was shipped to Seattle in 1939. Jo-Jo was bought by A's last December.

Other firsts: First batter, Elmer Valo, A's; first out, Valo; first assist, Catcher Jake Early, Senators; first putout, Jim Vernon, Senators; first stolen base, Ellis Clary, Senators; first strikeout, Bob Johnson, Senator; first error, John Sullivan, Senators; first run, Valo, A's.

Just Folks

FLAG DAY

"I pledge allegiance to the Flag!"
Say it over, boy and man.
Till the day when we can brag
It is back above Bataan.

Round the world Old Glory flies.
But we've still one battle more
While it's missing from the skies
Over grim Corregidor.

Pledge allegiance! That we do
On this day we've set apart
To the red, the white, the blue,
One of mind and one of heart.

Here we vow, as oft before,
Faithful every hour to be
To Old Glory ever more,
To a world forever free.

To the Flag, and to the man,
To the day and to the corps,
When avenged will be Bataan
And restored, Corregidor.

EDSEL FORD

Numerous, and justly laudatory, have been the tributes paid to the late Edsel Ford. He was a clean, modest, alert, hard-working son of a great father whose qualities he inherited to a marked degree.

To fully appreciate and adequately appraise his services to the world, however, it is impossible to separate his story from that of his father, who was tinkering away in a little brick shop in Detroit at a time when the son was but a schoolboy.

From that early day to the very end of Edsel's life, father and son worked and companioned inseparably.

The date of December 7th is significant. It was on this date many years ago that Edsel Ford came over in the morning from the Rouge Plant offices to his own in the low gray-stone laboratory. Henry Ford arrived. The two talked for an hour or so. Then things happened. "The entire incident is told vividly in William A. Simon's recent biography of Henry Ford. It was soon after that that the famous V-8—made new brother to the Model T—made news all over the world. Largely to the cooperative vision of Edsel Ford was this event attributed.

"My father is never happier," said Edsel, "than when he is solving some big mechanical problem." But that biggest mechanical problem, in the mind of the elder Ford, was to make a car so simple and efficient that it would cost the consumer might be made still lower and the quality higher. So radical were the changes that millions of dollars were saved to the buyers for repair parts alone. With both father and son, the aim behind every achievement in car building has always been to pass the saving to the one who bought the car. "The Fords have always believed in the people as partners.

When asked how certain he was that this new car would sell, Henry Ford replied that he was not certain, but that he was "going to risk it." He stated that "someone has to risk something to get things started. And you know," he said, "faith is catching; if we have confidence, others will too."

It was this faith that built that first little car, and it was this faith that passed from the father to the son. And it was this faith that inspired the Government of the United States to place in the hands of this father and son contracts, for the preservation of freedom in this world, of \$4,500,000,000.00! And to the lot of Edsel Ford, as well as to his father, fell the major job of carrying out this stupendous task. Edsel Ford worked tirelessly and selflessly to the end. Other capable heads and hands will complete what he so superbly initiated.

No greater tribute can be paid to this fine American than that he

Nazi Spies Helped Japs Plan Pearl Harbor Attack

OWI REVEALS
EXECUTION OF
ONE COMMUTED

Washington, June 14 (AP)—The Office of War Information (OWI) reported today that German espionage agents helped the Japanese prepare their attack on Pearl Harbor and at least one of them was sentenced to death, but the sentence later was commuted.

The report said Bernard Julius Otto Kuehn, a Nazi agent, was tried before a military commission in Honolulu on charges of betraying the United States fleet in Pearl Harbor to the Japanese five days before the Dec. 7, 1941 attack. He was convicted on Feb. 21, 1942, and sentenced to be shot. On Oct. 26, 1942, the sentence was commuted to 50 years at hard labor. The basis for the commutation was not given.

Members of Kuehn's family have been interned for the duration, either in Hawaii or in this country. They include Mrs. Kuehn; her son, Eberhard Martin Kuehn, and a daughter by her previous marriage, Suse Kaete Ruth Kuehn.

Signed Statement
The OWI report, based on information from the Federal Bureau of Investigation, said Kuehn went to Honolulu in 1935 for the ostensible purpose of studying Japanese, and in three years banked more than \$70,000.

Picked up on Dec. 8, 1941, Kuehn and his wife at first denied they ever had any negotiations with the Japanese government, OWI said, adding:

"But increasing evidence from the FBI contradicted their assertions and on Dec. 30, 1941, Kuehn signed a statement admitting he had prepared the system of signals for the Japanese consul-general which the latter had dispatched to Tokyo in his message of Dec. 3."

The signals, OWI explained, were for use in reporting the movements of the American fleet at Pearl Harbor.

Data On U. S. Fleet

"One such signal was a light in a dormer window of a house in Kalama," the OWI report said. "Special agents of the FBI had no difficulty in locating the house with the dormer window. It was owned and occupied by Kuehn and his wife, Friedel."

"They had previously been suspected of engaging in espionage activities in behalf of Germany and Japan and had been under investigation by the Office of Naval Intelligence and the Military Intelligence Service of the War Department, as well as the FBI. These inquiries had brought out the fact that the Kuehns also had a beach house at Lanikai. And another of the signals mentioned in the message in possession of the FBI was a light in the beach house at Lanikai."

Highlights of Kuehn's story, as reported by OWI:
Sometime during November, 1941, he went to Otojiro Okuda, Japanese vice consul at Honolulu and offered to assist the Japanese in obtaining information about the national defense of the United States. Okuda requested, first, information regarding the movement of the American fleet at Pearl Harbor; second, a system of signals by which information could be conveyed to the Japanese fleet.

Son With Nazis
The Japanese vice consul thought the first system "too complicated," and Kuehn submitted a simplified system Dec. 2, together with a tabulation of the number and types of American ships then in Hawaiian waters.

On Oct. 25, 1941, FBI reported Tadasi Morimura, fourth secretary of the Japanese consulate, delivered \$14,000 in cash to Kuehn. There was no explanation of this payment in advance of the time he purportedly offered his services to the Japanese.

Mrs. Kuehn told FBI agents that a son by a former marriage is now serving the Nazi party as an assistant to Propaganda Minister Goebbels. He is known as Leopold Kuehn, and once was considered for chief of the German Gestapo under Heinrich Himmler, but Reinhold Heydrich "double-crossed him" and won the post. Czech patriots killed Heydrich.

Fine Strawberries: We are under obligations to Mr. C. J. Tyson for several boxes of the finest strawberries we have seen this year. They come from his nursery, near town. Mr. Tyson is one of our most energetic citizens, and is going largely into the nursery and fruit-growing business.

We have also received from Mr. Robert Sheads several boxes of very superior strawberries, from his nursery on Seminary Ridge. Mr. Sheads has in progress the development of a fine nursery, making a specialty of grapes and strawberries, and will be prepared to furnish both fruit and vines of first class varieties.

Assisted Japs

Bernard Julius Otto Kuehn (top), German agent and a member of the Nazi party since 1935, has been sentenced to 50 years at hard labor for conspiring with the Imperial Japanese government to betray the United States fleet in Pearl Harbor, it has been revealed by the Office of War Information. WAGE ORDER ON
LANDIS TOOL CO.

Philadelphia, June 14 (AP)—The regional War Labor Board, in an opinion made public today, directed that so-called "old employees" of Landis Machine Co., Waynesboro, be included in terms of the existing wage contract between the company and the International Association of Machinists, AFL. The board denied a union request for payment of a Christmas bonus for 1942.

The company and the union reached an agreement on September 17 which provided a 60-cent an hour minimum for all new employees with experience; 50 cents an hour for beginners without experience, a 55 cent rate after six months and 60 cents after nine months experience.

The company's contention that the 60-cent rate did not apply to employees on the payroll prior to September 17 was opposed by the union in a petition to the RWLB, and the union was upheld. Director Sylvester Garrett pointing out in the formal opinion that the company position "creates an illogical discrimination."

HANDICAPPED
TO GET TRAINING

Washington, June 14 (AP)—Urging passage of a bill to continue and expand a Federal-state vocational rehabilitation program in effect since 1920, two Pennsylvania Congressmen told the House that a number of Pennsylvania industries have found employment of physically handicapped workers "eminently satisfactory."

Both Francis E. Walter, Easton Democrat, and William I. Troutman, Shamokin Republican who is the state's only representative-at-large, cited letters from manufacturing firms advocating the program.

Reporting there are more than 8,000,000 persons in the nation who could be fitted by employment, Troutman said they represent a "huge reservoir of manpower," much of which could be utilized in a brief time and at a comparatively small cost.

The bill passed the House on a voice vote and was sent to the Senate.

SOLDIER TO THE RESCUE

Philadelphia, June 14 (AP)—A soldier who saw smoke when he passed the home of John Cook, 43, early yesterday, rescued William Cook, 12, from the blazing house. The father and two other children leaped to safety from a second story window. The house was damaged extensively.

NO STATE FIGHT
IN '43 PRIMARY

Harrisburg, June 14 (AP)—Republican and Democratic candidates for Superior court—only state-wide office at stake in this year's elections—will be nominated in September probably without opposition.

Election authorities say a primary without a state-wide contest would be somewhat of a novelty in Pennsylvania. They don't recall such a situation in recent years.

The post to be filled is held by Judge Claude T. Reno, who was elevated from the attorney-generalship late last year by former Governor Arthur H. James to fill a vacancy.

Reno is expected to seek a full term with backing of the Republican organization. GOP Chairman M. Harvey Taylor says the jurist "is the only one I've heard mentioned for the place," adding "it's unusually quiet."

Democrats have no idea who will get their support. No name has been brought forward. The state committee must meet before June 26 to make a nomination.

CITES DROP IN
STATE RELIEF

Harrisburg, June 14 (AP)—Public

Assistance department rehabilitative policies are "important contributing factor" in reducing relief rolls in Pennsylvania, Secretary Samuel Y. Ramage said in reporting annual decline for the first week of June.

He added jobs are opening up for persons "whose health or physical disabilities had previously either hindered or prohibited them from securing employment" because of special rehabilitative services offered by the state and the increased opportunities available to relief recipients.

A net drop of 175 cases in the general assistance total during the week ending June 5 brought the number of all cases to 163,494—consisting of 28,266 receiving general assistance, 90,756 old-age assistance, 30,958 aid to dependent children and 13,514 blind pensions.

The state flower of Pennsylvania is the mountain laurel.

well with figures for some months earlier in the year. A new low in tourist travel here was reached in January when only three guided tours were made and those were in the early part of the month. From January 17 to 31 there were no guided tours over the battlefield. Twelve trips were made in February.

Memorial Day Low
Another figure that probably sets a record for many years is the number of guided trips recorded here over Memorial Day week-end. On May 30 and 31, there was a grand total of 10 guide trips. Last year Memorial Day week-end netted 47 trips for local guides.

The park office pointed out that the Reading railroad excursion, conducted annually to the Gettysburg battlefield from towns and cities along the Reading line as far east as Allentown, was not operated this year. Last year that special train brought 1,700 high school children here.

With the virtual disappearance of the tourist traffic here, many battlefield guides have obtained work in war industries at York, Chambersburg, Harrisburg and Baltimore. Of the 17 who guided in May, many wore their uniforms only on week-ends.

Vote \$500 to State S. S.
The county association voted its annual pledge of \$500 to the state association and completed payment of last year's pledge.

Registration for the convention, held on the theme "Victory Through Christ," began at 1:30 p. m. Sunday with President Gentzler in charge. A song service was held under the direction of the Rev. Clyde Meadows with Mrs. Howard Hartzell accompanying the singing at the piano. Special music was presented by a trio including the Rev. Mr. Meadows and Mr. and Mrs. Dale Roth. Mr. Roth accompanied the trio on the guitar. Mr. Roth also sang a vocal solo at the evening's program which was held as the first of the summer vesper series in Gettysburg.

The Rev. H. W. Sternat was in charge of devotions during the afternoon session which was featured by three conferences. Mrs. Lloyd Garretson was chairman of the children's division conference with Mrs. Ira Henderson as speaker. The Rev. Earl Rowe was chairman of the Young People's Division with the Rev. Paul Leedy as speaker and H. T. Baker was in charge of the adult division with Ira C. Sassaman as speaker.

Two Addresses

Special music with Mrs. Carrie Pretz at the organ, offering and address, "Victory Through Christ's Teachings," by the Rev. Clyde Meadows, pastor of King Street U. B. church of Chambersburg, concluded the afternoon sessions. The Rev. Mr. Meadows told the group that "The war could be won by force of arms, but there will be no victory unless Christ's teachings are carried into actual practice."

The evening session included song service by Professor Roth; devotions by the Rev. Mr. Sternat; installation of officers; address, "Victory Through Christ's Service," by Ira C. Sassaman, Philadelphia, adult department head of the state Sunday School association, and the benediction by the Rev. R. R. Gresh.

About 30 attended the various sessions.

Chapter 8

Ann was up early the next morning intent on going to the court house to check the records for some trace of her mother's adoption. Though Mr. Baxton assured her there was nothing to be found she expected to see for herself.

The clerk was helpful and together they thumbed through pages of dim script. But by midmorning Ann was forced to admit that Lydia's case was not on record. Like many other affairs of Grand Gussie it had been an intention and not a reality.

Slowly she walked back toward the hotel. There she found Gibbs working in the rose beds. She stopped to speak to him.

"Good morning, Gibbs. Anything new?"

"Nothin'." Then his face brightened. "Got time to take a look at the bluff?"

"Why, yes, I'd like to."

He led her to a cave-like door effectively concealed and overlooking the river. The entrance led to a winding tunnel blasted from the stone of the hill and angling enough to hide light from within. From this tunnel Ann and Gibbs emerged into a large domed room.

In the center of the room sat a big electric pump, purring along contentedly. Beside it was a great storage tank.

"Where's the heater, Gibbs?"

He took her to the other side of the tank, showed her the biggest water heater she had ever seen.

"Electric," he boasted, "and it sure works. Minerals go in there," he continued and pointed to a metal drum attached to a water line.

Ann stood staring, still unable to accept the fact of her grandmother's deception. But she had to admit the plant was well hidden and efficiently planned.

"Them's the minerals I got yesterday," Gibbs told her nodding toward a half filled sack.

"But... is that \$10 worth?"

"Yes'm. It'll last till 'bout Monday."

"Monday?" At this rate her small savings would be used up in a couple of weeks. If she were going to save the Terrence legend she must act at once.

"I... I guess I've seen enough," she said uncertainly.

She had seen too much. She would never have supposed her grandmother could conceive such a plan. Yet the more she thought of it the better she understood how Grand Gussie could have invented the hot spring. Not one to let a little misfortune disconcert her, she had taken proverbial time by the forelock and made her own destiny.

It was in character but that didn't lessen the shock.

Back at Terrence House she encountered Bert at the desk with Sarah.

"How about a turn around the rooms with me?" he asked. "Don't you think you should get acquainted with the guests?"

Sarah's unblinking eyes glanced from Bert to Ann and in the transition cooled a dozen degrees.

"Why should Miss Harrington want to waste that much time."

Bert?" she asked with a gentleness that sheathed claws.

Ann had intended to refuse but the perversity of her nature said, "I'd love it." If Sarah didn't want her to make the rounds with Bert it was a good argument she should do it.

Walking up the stairs together, Ann turned at the landing and glanced back. The girl at the desk was standing where they left her, a flush of anger on her smooth, white skin.

The first suite they visited was that of Mrs. Fay. The woman lay on a be-ruffled chaise longue, her housecoat bulging with the excess flesh her foundation garments usually concealed. Beside her set a decanter of Terrence spring water and a comote of chocolate creams.

Bert turned on his bedside manner and greeted her.

"You're better, Mrs. Fay. I can see it in your eyes."

She heaved a plaintive sigh. "Some better, I hope, doctor."

"I've brought Miss Harrington along to meet you. She's Mrs. Terrence's granddaughter, you know."

Mrs. Fay inspected Ann critically. "How do you do," Ann smiled graciously.

"If you're the granddaughter maybe you know what's going to happen around here. I'm so worried I don't want them to disturb us. I'm so in hopes the water will help me."

"It will!" Bert said heartily. "It helps everybody. Are you drinking your twelve glasses every day?"

"Yes. All I do is drink, drink, drink." She held a hand toward him. The fingers were heavy with rings.

Bert covered the hand with both of his, leaned over her and said intently, "You're much better today, Mrs. Fay. Much better." His tone was compelling. His eyes did not waver as he gazed into hers.

It was a long moment before she said, "Ah! Much better, doctor. Much better." Then he released her hand.

In the hall, Ann said with an effort to treat the idea lightly, "I didn't know you were a hypnotist."

"I'm not." He smiled down at her. "But that's the only kind of treatment a woman like Mrs. Fay needs."

"Is there nothing serious the matter with her?"

"Nothing but too much fat and that's an ailment that will outlive her."

"But the candy... those chocolate creams... you didn't mention them to her?"

He shrugged. "Why should I? She pays for the privilege of lying up there and eating them. The longer she lies the more it means to Terrence House."

And to Dr. Renfrow, Ann thought cryptically but she made no comment. The entire scene had been repulsive to her.

CHILD SLAYER GETS LIFE TERM

Pittsburgh, June 14 (AP)—A judge who apologized for not imposing the death sentence sent Earl Perry, 17, to Western penitentiary for life Thursday for slaying, attacking and burying in the cellar of his home a four-year-old neighbor girl, Theresa Williams.

Judge G. Malcolm McDonald said: "I could not stand the memory that would stay with me in the years to come if I, the sole arbiter of life or death in this case, ordered his execution."

Perry switched his plea to guilty yesterday, the third day of his trial, thereby transferring from a jury to the judge the duty of determining the penalty.

The judge continued: "I know that there are those who will say I am a coward for not imposing the death sentence. My own conscience discloses no scruples against the death sentence."

"If ever there was a crime of horror, this is it. I do not know that I ever will be able to get those horrible pictures—those horrible facts—out of my mind."

Judge McDonald filed with the sentence a confidential report giving details of the boy's character and conduct of such nature that, he said last night:

"I don't think anyone would ever dare to pardon or parole him."

JAPS CACHED FOOD HERE FOR OWN SOLDIERS

Los Angeles, June 14 (AP)—Japanese evacuees looked for a speedy defeat of the United States, and cached stolen food in the desert for expected paratroopers and other invasion forces, a former official of the Poston, Ariz., relocation center told the Dies Congressional subcommittee.

The testimony was included in a transcript of a secret session held by the committee here May 26 at which Harold H. Townsend, former chief supply and transportation officer at the Poston camp, was the witness. Townsend testified that he had been told at least a score of times by occupants of the camp that they would have our country before long. In other words, he added, "that camp is 100 per cent of the idea that Japan will have the United States in a few months. . . . They are very frank about it."

Looting Ring
There are over 1,000 Japanese soldiers and Japanese officers in that camp," Townsend declared. "If you ask them, 'yes, we had our program all set up.' I have asked them, 'what were you going to do?' And the answer was, 'as soon as our soldiers come over, we were going to help them.'"

The Japanese, he testified, are "drilling over there almost daily in military tactics, right under our noses in that camp."

Through the operation of a "stealing ring" in the camp, Townsend said, approximately \$500 worth of supplies was stolen daily, either from trucks transporting it from the rail head at Parker, Ariz., and the camp, or from the camp warehouse. This was effected, he said, through an exchange of passes by the Japanese occupants.

Propose Plan For Vast Relief Agency
Washington, June 14 (AP)—A vast American plan to set up a central United Nations agency to feed, clothe, shelter and generally rehabilitate the people of liberated territories was under consideration Saturday by 42 other governments.

Before them was a draft agreement submitted by the State department for a United Nations relief and rehabilitation administration, with a council, a central committee and an executive staff headed by a director general.

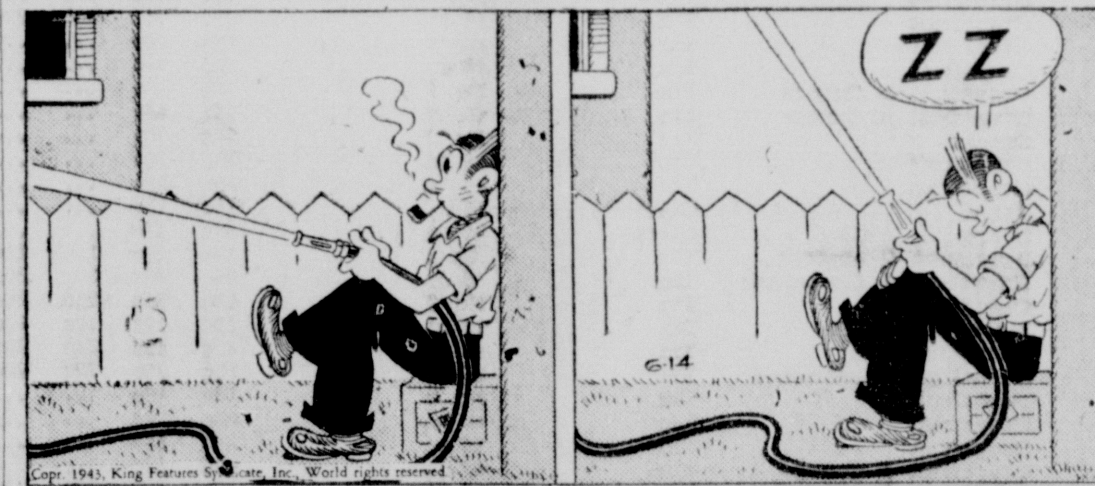

In its general outline, some observers saw a possible pattern for a postwar political organization of the nations to solve international problems and preserve peace through collaboration.

MOTHER-IN-LAW DAY IS JUNE 30

Spokane, Wash., June 14 (AP)—When and if your mother-in-law slaps you down June 30 and with your wife's Ming vase, don't be a cad. Grin, brother, and kiss her.

June 30, revised by womankind as mamma's last chance to get daughter a June husband, will be mother-in-law day throughout the land.

The great gag-masters of the Spokane athletic round table, who dropped a pre-war bombshell on Washington with "bundles for Congress," came up with the idea today and notified all their approximately 2,500 members in the 48 United States to zip up their grudges June 30 and give mother-in-law a happy day.

"You guys on the home front keep up her morale," said the club's message to members. "Also, help the poor florists, jewelers, department stores and cocktail bars."

"Appreciate your M-I-L but don't have more than one at a time—the prosecutor won't like it."
